Ruler 30cm/12in | A4

Instructions

1 Print this page. In your printer settings, ensure "Page Scaling" is set to "Actual Size" or "None."

2 Cut out the ruler.

3 Measure your desired label area. For items with angles or curves, try taping one side of the ruler to keep it in place. If you're creating a full-wrap label, we recommend adding an overlap of 7mm.

4 Visit **https://uk.onlinelabels.com/sizes** and use the page filters to find a matching label.
